#### **A bit about Bantry and West Cork**

There are restaurants, pubs, shops, hotels, a cinema and a daily bus service to Cork City and other towns in the county (that service is less reliable). West Cork is known for its artisan food production and there is a large market every Friday in Bantry and farmers markets in the different towns all over the county. There are also many beautiful gardens and beaches to be visited in the area. A golf course is also near by. Never the less interns must be aware that Bantry is a small country town, in a rural area in the South West of Ireland, and that to have your own car as a means of transport would be a huge advantage.
